# Which prawn?

We have a large selection of prawns in our range. Take a look at our app or ask our sales team if you are looking for a particular variety.

### | Prawn Know How

#### Shell-On (Head-On or Head-Off)

Use: Grilled, barbecued, or in rustic dishes.  
Why: Adds flavour and visual appeal; ideal for premium presentation.

#### Peeled & Deveined (Tail-On or Tail-Off)

Use: Stir-fries, curries, pasta, and salads.  
Why: Convenient and clean to eat; tail-on adds visual flair.

#### Raw (Green) vs Cooked

Use: Raw for fresh cooking (e.g., grilling, sautéing); cooked for quick-serve or cold dishes.  
Why: Raw prawns give chefs control over flavour; cooked saves time in high-volume service.

#### Size Grades (e.g., 16/20, 31/40)

Use: Larger prawns for centrepiece dishes; smaller for soups, pasta, or mixed seafood.  
Why: Controls portion size, cost, and consistency across dishes.

#### Why Use Different Specs?

Matching the right prawn spec to the dish ensures the best texture, taste & cost efficiency. It also improves kitchen workflow and plate presentation.

Ebbcarrs Cafe, St Abbs

# CHEF rated

We took a trip to the seaside last month to the charming village of St Abbs. We had a lovely chat with Kellyann about how she has created a

sucessful and buzzing cafe in a remote and quiet area and how she feels about being a women in a male dominated industry.

JUNE 2025 |

Kellyann @ Ebbcarrs Cafe

### Tell us a little about the history of Ebbcarrs Café.

So Ebbcarrs was an old fishing hut years ago. About 15 years ago it became a café. It was actually my grandfathers, but the building now belongs to my uncle. My uncle decided when my grandfather gave it to him to make a café. And that's where it all began.

### Where does the name come from?

The name comes from a rock just when the tides ebbing, you can see the rock and that's why it's called Ebbcarrs.

### St Abbs is a quiet, costal town, how do you attract customers?

I think more and more people are finding out about St Abbs because we had the Avengers shooting here. So that attracted a lot of people and of course the caravan sites expanding as well. I feel like when people find out about it they're like "wow" because it's just like a nice little gem and its so untouched. Here the fishing gears is around the back, just like it's always been, and it makes it quite unique.

And the coastal walks attract a lot of people. We have a lot of dolphins and whales you can see just sitting here and at certain times of the year we have puffins as well.

### What makes people come back after visiting?

We have a lot of regulars that come back year after year which is really good. 10 years of hard graft though, to get it to where it is. My mum said I kind of grew a monster because the previous people that had it, they were a bit older, they kind of had it as a hobby but then when I took over I started doing more and it all changed. I do all my own baking which is one of the things I am really passionate about. Making it all from scratch. The amount of people that come in and are like "wow", they can tell it's homemade.

### How did you learn how to bake?

I was self-taught. My grandfather was a baker, he had a shop years ago but I had no interest in baking. I actually could hardly boil an egg to tell the truth. Now I make all my own jam and scones.

### As a successful women in a male dominated industry do you have any advice?

I'm a strong woman. I think equals. It just doesn't affect me. I would say to other women "just go for it, have your say, don't just sit in the background". Absolutely go for it.

WHAT'S IN SEASON

38467 CSBC Vegan GF Lemon & Berry Cheesecake 1x14ptn

*June brings vibrant, fresh flavours perfect for seasonal menus.*

**Starters** - June's fresh produce makes light, flavourful starters a standout. Think asparagus with lemon aioli, or broad bean bruschetta. These dishes are perfect for warm weather and showcase the best of early summer vegetables.

**Mains** - For main courses, why not focus on grilled or roasted meats and fish paired with summer salads or new potatoes? Herb-crusted salmon, grilled chicken or courgette and feta tart are great seasonal options. Use local produce like baby carrots, radishes, and fresh herbs to elevate flavour and presentation.

**Desserts** - British berries are at their best—highlight them in Eton mess, berry pavlova, or elderflower panna cotta. Rhubarb, gooseberries, and cherries also shine in crumbles or tarts. Light, fruity desserts are perfect for summer menus and add a colourful, refreshing end to any meal.

TACO ‘BOUT A CHIPPY TWIST

We've taken the best of a British classic and given it an unexpected, crispy twist! Featuring golden battered cod fillets, tangy tartare sauce, capers, mashed peas, and pickled red onions, all served in a crisped tortilla shell, this dish embodies the Big Fusion, No Rules trend. The crunch of the shell adds a new dimension, while the sharpness of fermented pickles enhances the rich, savoury flavours. A playful fusion of fish & chips and tacos, this dish delivers bold textures and flavours that are right on trend.

## sustainability matters

Celebrations Kraft bowls are made from brown kraft paper, with a PLA (Plant starch) lining. Unlike traditional plastic linings, PLA breaks down in industrial composting facilities, reducing landfill waste. This combination offers the durability needed for food service without compromising the planet—making it a smart choice for businesses committed to sustainability.

These eco-friendly takeaway containers are a great option for salads and to-go food as we come into the busy summer period.
